TRUSTED NATIONWIDE

Read about how we help businesses save, stay safe, and keep their fleets moving.

"At Goodyear Tyres, we made the decision to move away from our previous supplier and place our trust in Find and Finance for all our vehicle procurement needs. From the very beginning, the team have gone above and beyond to deliver a service that not only meets but exceeds expectations. They take full accountability at every stage, proactively presenting us with a variety of finance options and openly discussing the best route forward. Their approach has been centred around maximising our bottom-line profits rather than creating unnecessary costs, which has made a significant difference to our operations. What really stands out is how they've taken away the stress and complexity usually associated with procurement-making the entire process smooth, efficient, and completely hassle-free. It's been a partnership that has added real value to our business."

JAZ KAUR
PROCUREMENT MANAGER

"Such a smooth and stress-free process from start to finish. Thank you to Mike and Sunny for your help and for keeping me updated throughout. Great van and I even had it delivered to my door. I'd definitely recommend and would use them again myself in a heartbeat. Thanks F&F!"

JAMES TAYLOR
COMPANY DIRECTOR

"I bought my van from Find and Finance last year and the process was smooth and a great experience. Mike and Mike were always on hand to speak to me whenever I rang (a lot) and were very understanding and personable."
